WINTER / ALLSEASON 2024

ENJOY DRIVING

YOUR PERFORMANCE IS WHAT DRIVES US.

In motorsport, just as in everyday road transport, the quality of your tires is crucial. With over **60 years' experience**, Giti Tire is the choice for sporting success and safety on the road. From the very beginning, each and every one of our employees has made it their business to ensure that our customers across the globe can do one important thing: Enjoy Driving.

This philosophy is reflected in our business dynamics and the passion for innovation and technology which we invest in conceptual design and development every single day. In our **European research and development center in Hanover**, we produce tires that have been tried and tested on the race track, with a focus on safety, comfort and driving pleasure.

Developed using **German engineering** and tested according to the very highest quality standards, our extraordinary performance technology brings tires from the race track to the road – for vehicles of all classes. This is true engineering craft – thanks to which **we have won numerous international awards** as well as receiving a TÜV certificate with the highest possible marks. This makes us one of the world's top-ten tire manufacturers and an innovative partner for you and your vehicle.

Hop in, hold tight, and experience a true motorsport feeling – with Giti Tire's diverse product range.

CORPORATE SOCIAL RESPONSIBILITIES

MISSION & COMMITMENT

Giti Tire endorses the United Nations Sustainable Development Goals (SDGs) and incorporates them into each CSR activity. These goals cover a broad range of social and economic development issues. Included among them are poverty, hunger, health, education, climate change, gender equality, water sanitation, energy, environment, and social justice.

GREEN & EFFICIENT PRODUCTION

REDUCE

Thanks to our design approach, our tires are lighter, consume less energy and last longer.

RENEW

We use eco_design materials from renewable resources.

REUSE

Our tires are repairable, regroovable, retreadable.

RECYCLE

We incorporate recycled materials into our new tires.

UNGC MEMBERSHIP

As part of the United Nations, the UNGC is a highly respected and important global business agreement, that requires a CEO and company commitment to adhering to the Ten Principles of the United Nations, including human rights, labor, environment, and anti-corruption. Giti is proud to join this exclusive and important compact in 2021, and continue to grow with it through an annual Communication on Progress, as well as other commitments.

Further details about the United Nations Global Compact can be seen on their website here

GPSNR MEMBERSHIP

Giti Tire is proud to be a member of GPSNR (Global Platform for Sustainable Natural Rubber), a leading global organization dedicated to maintaining a fair, equitable, and environmentally sound natural rubber value chain. As tires directly relate to the environment, a focus on improving the process of rubber creation, procurement, and supply is very important to reducing societal impact and creating positive offsetting solutions for the industry.

You can learn more about Giti's environmental and other sustainable efforts at

1

● Green Energy

Giti utilizes alternative and clean energy methods, including solar panels to generate green electricity

3

● Flue-Gas Desulfurization (FGD)

The desulfurization efficiency rate now exceeds 95%, reducing 190 tons since the previous year

2

● Water Recycling

Continued recycling of water usage at Giti's plants has improved local environments

4

● Green Certifications

Giti's plants throughout the world have received environmental management certification and passed clean production audits.

GitiWinter^{W2}

THE FINEST DRIVING PERFORMANCE IN ALL WINTER CONDITIONS

- **New directional tread pattern** redefines **dry, wet and snow performance**
- **Strong traction** and **braking on snow**, great performances on wet roads, and a **very quiet** driving experience
- **Latest generation** tread compound
- A **new functional polymer**, pushes wet/dry and snow grip performance to the next level
- **New shoulder block design** with advanced tie-bar design
- **Improved control** and **driving precision in wet and snow handling** as well as increased flexibility and an optimised contact surface in cornering

GitiAllSeason^{AS1}

TOP PERFORMANCE AT ALL TIMES FOR
SUV AND CUV VEHICLES

- Maximized water drainage for **short wet braking** distances and **reduced risks of aquaplaning**
- Centre section with full sipes design ensures grip & **traction on snow and ice**
- Shoulders' solid blocks design guarantees stiffness and stability under warm conditions and **high speed handling** with direct steering response
- The new high silica compound **guarantees outstanding grip** at low temperatures and in wet conditions, but also reliable hot summer rigidity
- **Differentiated design** between center and outer pattern section
- Directional pattern with **ultra-wide center groove**
- **German engineered** all-season compound

QUIET AND COMFORT

Some noise is inevitable while driving. However, Giti Tires pattern noise simulation system **optimizes the design to quiet down the noise** from the tires to the noise and road interaction. This technology **eliminates annoying tire vibrations** by combining testing, modal and transmissibility analysis and structural analysis **improving overall ride comfort**.

PRECISE CONTROL

The **contact area** between the tire and road provides the forces for vehicles **drive impacting control performance**. Through simulation and test technology **Giti optimizes its tire structure**. Fine tuning tire **stiffness, improving grip and optimizing handling response**. Giti Tire improves the **dry/wet grip performance** of its tires through optimization of compound and pattern design.

GREEN AND ENERGY-EFFICIENT

Giti's low rolling resistance, bringing an **eco-friendly technology, reduces energy consumption, saves fuel and protects the environment**. The **low rolling resistance**, compound reduces friction between rubber molecules, which **lowers energy consumption**.

Computational contour deformation analysis sends rolling resistance predictions technologies result in structural designs with **optimized deformations**. This means **less heat generation, saving fuel and better protection for the environment**.

Scan for more info
about **AdvanzTech**

QUALITY AND ENDURANCE

Tire endurance and wear performance determine **tire mileage and application life**. Specially formulated compounds from Giti **improve the strength of rubber and enhance wear resistance** of the tire. Giti also **optimizes tire structure and pattern design** to distribute tire footprint friction energy evenly, thus extending **tire wear mileage**.

SAFETY WITHOUT WORRIES

Giti Tire participates in **leading global motorsport events** and **applies the technology and the experience** to everyday tires. **Safety performance** is the core value of Giti Tire. Through in-depth **research on tire compound, pattern and structure** Giti develops and applies **safety focus technologies** that ensure strong grip and stability in **all road conditions and applications**.

SMART AND INNOVATIVE

Giti is actively engaged in **next generation innovative tire technologies**. The latest smart **tire technologies** help reveal hidden **safety hazards**, opening **new frontiers for improved safety and performance**. Based on the **AdvanZtech platform**, Giti Tire delivers more eased mind than **joy at driving to vehicle owners around the world**.

Quality ensured by experience. A future led by **science and technology**.

Ready to rock the Green Hell

Giti Tire und motorsports belong together. Which is why Giti Tire is supporting the women's WS Racing team. The slogan "Girls Only" says it all. The team consists entirely of women – both inside and outside the cockpit. At the 24H NÜRBURGRING and at the Nürburgring Endurance Series, all of the team's members, from the team boss to the engineers and mechatronic technicians, proved that motorsports do not have to be a purely male domain.

As the team's main partner, we are naturally delighted to take on the "Green Hell" challenge, which will enable us to confirm our expertise in the European tire market.

FROM THE RACE TRACK TO THE ROAD

The origins of Giti Tire are firmly rooted in motorsports. Our brand stands for performance and we are passionate about participating in international motorsports events. The vehicles are equipped with the GitiCompete^{GTR1}, a competition tire specially developed for extreme loads.

Giti Motorsport's partners and the drivers are highly professional and aim to set a new benchmark at the "Green Hell". The experience we have gained at international race tracks is incorporated into the development and production of our road tires to ensure even greater agility and safety.

Join us in the fast lane and help us share our excitement via our Facebook and Instagram channels.
